KSquare Talks

React Hooks

Finally

It's all about abstractions

"Talk is cheap. Show me the code"

- Linus Torvalds, Linux Creator

Why people don't like hooks

The problem: abstractions

"The problem with bad abstractions is that you can end up using them. It is better having no abstraction at all than using bad abstractions"

- Ryan Dahl, Nodejs Creator

Dan Abramov explains it better

https://twitter.com/dan_abramov/status/1093702632793931776

Let's call it a day
